

## PRESS RELEASE No 190/22

Luxembourg, 23 November 2022

M J d F M Fd W05: 253/W05 253 d W05 6253 FZ S F d  
d R F

### The General Court annuls the Commission Delegated Regulation of 2019 in so far as it concerns the harmonised classification and labelling of titanium dioxide as a carcinogenic substance by inhalation in certain powder forms

*First, the Commission made a manifest error in its assessment of the reliability and acceptability of the study on which the classification was based and, second, it infringed the criterion according to which that classification can relate only to a substance that has the intrinsic property to cause cancer*
